A Shore Thing
An Otter Bay Novel
by Julie Carobini

ABOUT THE BOOK
Callie Duflay just isn’t like the rest of her family. While they’ve built white
collar lives, she prefers getting her hands dirty by working with children and
local California causes. When Callie learns that a beloved piece of untouched
property in her town of Otter Bay may soon be developed, she confronts the
architect assigned to the project.

Gage Mitchell may be an easygoing, eco-friendly professional, but he’s not
about to back off this job no matter how cute Callie or her pet pooch,
Moondoggy, may be. His reasons and hers are noble—both have a heart for
protecting God’s creation, and the truth is these two would be perfect for
each other outside of this face-off. But will they ever figure that out?
